Larry Cornett Broadway Sand and Gravel, Incorporated 2089 South Broadway Dayton, Ohio 45439

Re:

Proposed Landfill Site

Lot 3277

2089 South Broadway City of Moraine

Dear Mr. Cornett:

Your letter dated June 7, 1976 indicated you wish to fill Lot 3277 in the City of Moraine with, "dirt, concrete, asphalt, and other debris". The first three (3) items you list are classified as not being inimical (harmful) to the public health and are therefore exempt from the requirements of a license under the Ohio Solid Waste Disposal Act (Section 3734.01 to 3734.11 ORC). However, the term other debris is too vague to make a decision on.

This department has no objection to the filling of this property, if the following conditions are met:

- 1. That only dirt, concrete, and asphalt shall be used for filling; and
- If you wish to fill with other non-inimical wastes, that we shall be contacted and give a written approval before they are accepted; and
- That the entrance shall be secured with a gate or cable to prevent unauthorized dumping; and
- That if unauthorized dumping of any solid waste material does take place, it will be immediately removed to the county incinerators or a licensed landfill. (Solid wastes are defined by Section 3734.01 (E) of the Ohio Revised Code, "SOLID WASTES means such unwanted residual solid or semisolid material as results from industrial, commercial, agricultural, and community operations, and includes garbage, combustible and non-combustible material, street dirt, and debris."); and
